Class: 3A

My Dream Farm

I want to have a farm. It is fun and happy.

There are four cows on my farm. They are lazy and fat. They produce milk and meat. I think they are fat because they like eating grass.

There are two bulls on my farm. They are old but strong. They carry food to the market. They live in the barn and like to run.

There are ten hens on my farm. They are cute and small. They produce eggs. They live in the hen house and they cluck loudly.

There are three sheep on my farm. They are fluffy but weak. They produce wool. They like to sleep and eat grass.

I am a caring farmer. I love my farm very much.
