My hamster-Funny

This is my hamster, Funny. She is cute and funny. She has big eyes. Her ears are small. She is 8 centimetres tall. She weighs 120 grams. She feeds on seeds and grains.

Funny is very active. She likes running in the house. She also likes playing with me. She can jump very high. But she can't swim so she can't play with me in the swimming pool. She uses her legs to stroke her fur every day.

I love Funny very much. I always give her some food. I often play with her. I sometimes give her a bath but I never take her to school.
