### My hamster – BoBo

This is my hamster, BoBo. She is lovely. She has small ears. Her teeth are long too. She is 8 centimetres tall. She weights 120 grams. She feeds on seeds and vegetables.

BoBo is very playful. She likes running on a hamster wheel and eating seeds. She can run and she likes running but she can't swim because she is scared of water. She likes to live in groups.

I love BoBo very much. I always play with her. I always feed her. I seldom give her a bath. I sometimes clean her cage. I always stroke her. I seldom brush her teeth.
