A Trip to Thailand

Last week, my family and I went to Thailand. We had a happy trip in Thailand.

First, we went to the beach. There were many people on the beach. The beach was very beautiful because there were a lot of sea shells and sea animals. It was very big and comfortable too. My dad was teaching me to use the windsurfing board while my mum was taking a sunbath on the beach chair. We felt very excited on this beach.

In the evening, we took a bus to a night market. There were many shops, such as food shops and souvenir shops. We went to a souvenir shop and saw there were a lot of things showing for us, such as earrings, jewellery, bracelets and necklaces. We bought them all. We will give these souvenir for my classmates and my cousin.

At night, we went to a restaurant. We ate some yummy Thai food. We ate hot and spicy soup- 'Tom Yum Goong', mango sticky rice and pineapple fried rice. They were all delicious. We were very full.

On the next day, we went to a safari park. There were a lot of cute animals. We saw a monkey which stringed on the tree. We also saw a giraffe which ate leaves. We even saw a little panda which slept on the ground. They were very lovely.

I felt very excited during this trip because we went to a lot of interesting places. We all had a great time in Thailand. I hope I will go to Thailand with my family and friends again!
