WELCOME, WINTER

WINTER is here, and it brings a chill to the air and excitement all around! In Hong Kong, we may not see snow, but there are still many ways to enjoy this magical season. Let's explore the changes in weather, and discover fun winter activities to do with family and friends!

Remember to dress warmly when you go out.

The air feels so chilly and cold!

From Sweaters to Skates

As we welcome winter, let's **embrace** all the fun and joy it brings! From dressing warmly to enjoying exciting activities, there is so much to look forward to in this magical season. So, bundle up and get ready for a winter full of adventure!

Changes in weather

WINTER is the coldest time of the year, and in Hong Kong, it usually starts around December. During this season, you might notice that the days are shorter and the nights are longer. The sun does not shine as brightly, and **temperatures** can drop to around 10 degrees Celsius or lower, especially early in the morning and late at night. While Hong Kong does not get snowfall, you may see **misty** mornings and cloudy skies.

How to stay warm

WHEN the temperature drops, it is important to stay warm and cosy. Remember to wear warm clothes like sweaters, jackets, and scarves. **Layering** helps trap heat and keeps you comfortable. Do not forget to wear thick socks and a hat, especially when you go outside. Tasty drinks such as hot chocolate, warm milk, or herbal tea will warm you up in an instant!

Winter activities to enjoy

MANY festive events take place in Hong Kong during winter, such as various Christmas markets with beautiful light **displays**, and a Winter Carnival filled with food and games. Even though it does not snow, you can find ice skating rinks everywhere, so grab your skates and **glide** across the ice with friends and family!

Winter is also a great time for hiking as the cooler weather makes it more enjoyable. Take a walk on hiking trails like Dragon's Back, and enjoy the stunning views with your parents, siblings and friends.

Do you prefer winter or summer?
